

Transceiver

LinkIT SFP+ 10Gbps RJ45 30m HP/Aruba 10G-, 5G-, 2.5G-, 1000base-T

Product number: LI-RJ99-00D-AR

Product Description

This module supports multiple Ethernet standards, including 10Gbase-T, 5Gbase-T, 2.5Gbase-T, and 1000base-T on the line port, and 10Gbase-R on the host port. It features a hot-pluggable SFP footprint and a compact RJ-45 connector assembly. The device operates with a single +3.3V power supply and is RoHS compliant and lead-free. It supports 10 Gigabit Ethernet over Cat 6a cables and is designed to operate in ambient temperatures ranging from 0°C to +70°C. This module is equivalent to the JL363A.

Main Specifications

Brand	LinkIT
Distance	0°C to +70°C

Extended Specifications

Transmission speed	10Gbps
SFP Coding	HP/Aruba
Temperature	0°C til +70°C
EAN	7072262013725
