

Slimpanel

LinkIT 1U slim panel for 12xMPO cassettes

Up to 144 fibers Delivered without cassettes

Product number: LI-UHD1U-144C-MPO

Product Description

Slim panel 1U for 12xMPO cassettes for up to 144 fibers. Delivered without cassettes so this must be purchased separately. High-density patch panels are an effective way to increase the copper port density in racks and rack cabinets. While standard patch panels offer 24 ports in a rack unit, high-density panels can double that amount by 48 ports per rack unit.
