

PTZ Camera

Stoltzen THALIA PTZ3-NDI 20x

SDI | HDMI | USB3.0 | POE | NDI | BLACK

Product number: PTZ3-NDI-20x

Product Description

The Stoltzen THALIA PTZ3-NDI is a high-performance PTZ camera featuring advanced ISP processing algorithms, delivering vivid, high-resolution video with excellent color rendition. It supports H.264/H.265 encoding for clear motion video under low bandwidth conditions. Equipped with a high-quality 1/2.8 inch CMOS sensor, the camera offers full HD resolution up to 1920x1080 at 60 fps. It includes 12X or 20X optical zoom lenses, ensuring clear images from a distance. The camera supports various video output interfaces such as HDMI, SDI, USB3.0, LAN, and NDI, and is compatible with multiple control protocols and network protocols. With advanced auto-focus technology, low noise, high SNR, and multiple audio/video compression standards, this camera is ideal for applications in online education, lecture capture, webcasting, video conferencing, and more.

Main Specifications

Brand	Stoltzen
Color	Black
Sensor	1/2.8 inch CMOS Image Sensor
Optical Zoom	20x
PoE	✓
Power	DC12V/2.5A
Accessories	Power Adapter, RS232 Cable, USB2.0 Cable, Remote Control, User Manual
Video format	MJPEG, H.264, H.265, YUY2
Dimensions	181mm x 115mm x 149mm
Product series	THALIA
Control ports	RS232, RS422, RS485

Video Ports	HDMI, USB3.0, LAN(POE), SDI
--------------------	-----------------------------

Extended Specifications

IP Protocol	ONVIF, GB/T28181, RTSP, RTMP, RTP, VISCA
Focus	Auto / Manual
2D/3D Noise Reduction	✓
Focal Length (F=)	f=5.05 - 101mm
S/N Rate	≥50dB
Minimum Lux	0.5Lux(F1.8, AGC ON)
Electronic shutter	1/25-1/10000
