

Amplifier

Stoltzen SSA250 Stereo Amplifier 2x50w
2x50W@8 ohm | 1x100W Bridged | 4 ohm

Product number: SSA250

Product Description

Stoltzen SSA250 Stereo Amplifier delivers a robust 2x50W @ 8 ohm output, extendable to 1x100W @ 4 ohm through bridge connection. It features three inputs—two analog and one optical digital. Choose between Stereo, Dual Mono, or Bridge output modes, adjusting Bass, Treble, and Volume settings for a personalized audio experience. With a loop output for cascading to additional amplifiers and controllable options via button, RS232, IR, and optional TCP/IP, the SSA250 ensures flexibility and performance.

Main Specifications

Brand	Stoltzen
Utgangseffekt 1CH	100W@4Ohm
Output power 2CH	2x50W@8Ohm
EQ	X
"Control Protocols	IR, RS232
Inputs	L+R stereo audio&3.5mm analog audio&optical audio
Outputs	Stereo output (default): 2x50Watt@8Ohm&Mono output: 1x100Watt@4Ohm
