Product Datasheet

STOLTZEN ®

USB Matrix

Stoltzen HERA UM44 USB3.0 Matrix 4x4

Product number: UM44

Product Description

Sharing USB resources has never been easier than with Stoltzen UM44. The controllable device allows you to move defined USB products between 4 clients.

Perhaps you want to use internal storage, camera, and audio on a desktop but also have the ability to share audio and/or camera with guests. That is easily done with UM44.
