

Shielded RJ45 plug

LinkIT Shielded RJ45 plug

50µ gold-plated | AWG23-26 | 50 pcs

Product number: LI-RJ45STP-P-780

Product Description

LinkIT Shielded RJ45 Plug is a high-performance RJ45 plug with shielding, designed for reliable and stable network connections. This plug features a 50 µ gold-plated connector and is suitable for inner wire diameters of 1.2 mm to 1.35 mm. It is compatible with cables with an outer diameter of 7.0 mm to 8.0 mm and AWG 23 to AWG 26. The plug comes with a black strain relief boot for added protection and stability. The product is delivered in a jar with 50 pieces, ideal for professional installers.
