

Unshielded RJ45 plug

LinkIT Unshielded RJ45 plug

50µ gold-plated | AWG23-26 | 100 pcs

Product number: LI-RJ45UTP-P-775

Product Description

LinkIT Unshielded RJ45 Plug with Clear Boot is a reliable, unshielded RJ45 plug designed for stable and dependable network connections. This plug features a 50 µ gold-plated connector and is suitable for inner wire diameters of 0.9 mm to 1.1 mm. It is compatible with cables with an outer diameter of 7.0 mm to 7.5 mm and AWG 23 to AWG 26. The product comes with a clear strain relief boot that provides added protection and stability for the cable. It is delivered in a jar with 100 plugs, ideal for professional installers.
