

Unshielded RJ45 plug & clear boot

LinkIT Unshielded RJ45 plug & clear boot
50µ gold-plated | AWG23-26 | 50 of each

Product number: LI-RJ45UTP-PB-563

Product Description

LinkIT Unshielded RJ45 Plug with Clear Boot is a reliable, high-performance unshielded RJ45 plug designed for stable network connections. This plug features a 50 µ gold-plated connector and is suitable for inner wire diameters of 0.9 mm to 1.1 mm. It fits cables with an outer diameter of 5.0 mm to 6.3 mm and AWG 23 to AWG 26. The plug comes with a clear strain relief boot that provides added protection and stability for the cable. It is delivered in a jar with 50 pieces of both the plug and strain relief boot, making it ideal for professional installers.
