

## Unshielded RJ45 plug & boot

### LinkIT Unshielded RJ45 plug clear & boot

50µ gold-plated | AWG23-26 | 40 of each

Product number: LI-RJ45UTP-PB-775

## Product Description

The LinkIT Unshielded RJ45 Plug with Clear Boot is a reliable networking component designed for secure and high-performance Ethernet connections. It features a 50µ gold-plated connector plug that ensures excellent conductivity and corrosion resistance for consistent data transmission. This RJ45 plug is compatible with inner wires with an ID of 0.9mm - 1.1mm and supports cables with an outer diameter (OD) between 7.0mm - 7.5mm, making it suitable for a wide range of Ethernet cables, including those with AWG23 - AWG26 gauge.

The clear strain relief boot provides added protection and durability by reducing cable stress and preventing damage at the connection point. Each pack includes 40 pieces of both connectors and strain relief boots, making it ideal for bulk use. The components are conveniently packaged in a jar for easy storage and access.

This product is perfect for anyone in need of reliable, high-quality RJ45 connectors for residential or commercial networking installations, offe
