

Room 70 G2 Dual and Lightware LWARE-CSHARE-01  
 For USB Passthrough - with Inogeni 4KXUSB3 at table  
 Line drawing

**4KX-PLUS INSTALLATION**  
 THE ADVANTAGE TO PLACING THE INOGENI AT THE TABLE is twofold:  
 1) it is not necessary to extend USB  
 2) If more than one computer is used for USB Passthrough, the Lightware or other switcher can also be at the table, simplifying wiring.
